

PRESS RELEASE**Julian Jordan finally drops long-awaited ID  
'Big Bad Bass'**

**Julian Jordan** kicks off 2021 with spanking new track '*Big Bad Bass*'. Known for his sharp and aggressive basslines, Jordan surely doesn't disappoint. After being premiered by **Martin Garrix** on New year's Eve, millions around the world were waiting for the track to be released.

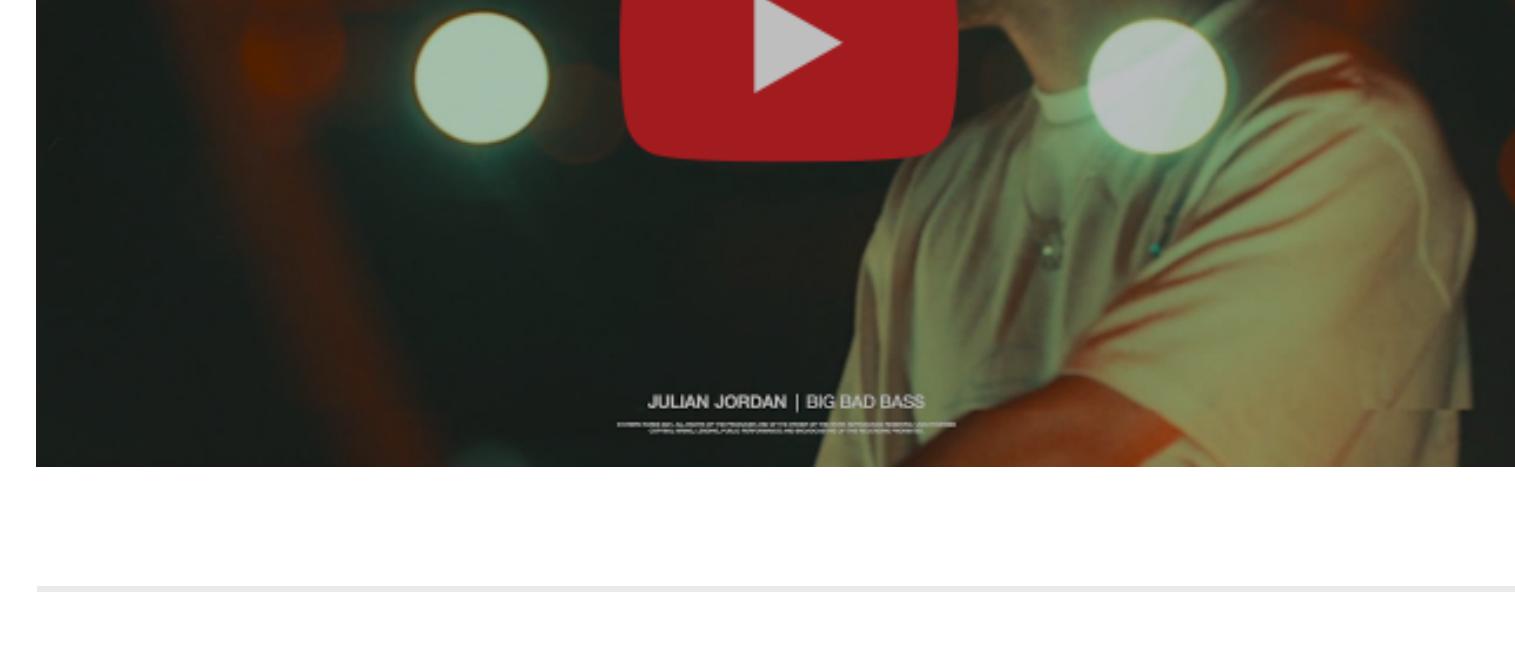

**LISTEN HERE**

'*Big Bad Bass*' starts off with magnetized piano keys which build-up to the euphoric and hard-hitting drop. Muffled synths combined with exhilarating drumrolls lead up to the electric bridge which spirals up into a second drop, ending the track on a powerful note.

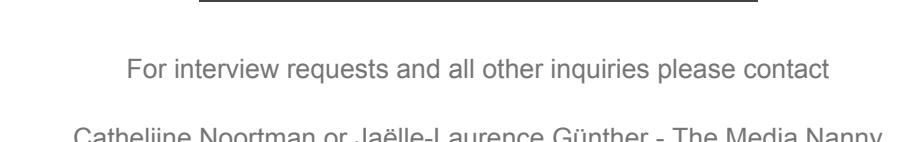

**Julian** delighted his fanbase in a video broadcasted by **STMPD RCRDS**, in which **STMPD RCRDS** artists had to guess which artist was behind the 11 IDs played by **Martin Garrix** in his **Tomorrowland** set. '*Big Bad Bass*' was immediately recognized as a **Julian Jordan** ID by most of his fans and fellow **STMPD** artists, as Jordan really developed and established a true signature sound over the past years. However, when it was his own turn to guess, he feigned a priceless '*I don't know*' as he could not yet announce his upcoming track. **Jordan** might not win an Oscar for his acting performances, but he is certainly coming for the charts with yet another colossal hit.

**Julian Jordan** has way more in stock for 2021. Planning to release a few tracks in the coming months, he has truly established himself as a regular chart-topper and is definitely there to stay.

**'Big Bad Bass'** is out now on **STMPD RCRDS**, the official music video will be live at 5:00 pm CET [here](#).
